

Refund Policy

Effective Date: August 29, 2026

1. Overview

This Refund Policy explains the circumstances under which customers may request a refund for products or services purchased from **[spring]** ("Company," "we," "us," or "our").

By purchasing our products or services, you acknowledge and agree to the terms of this Refund Policy.

2. Eligibility for Refunds

Customers may request a refund within **14 days of the original purchase** if they are not satisfied with the service, provided that the service has not been substantially used or consumed.

Refund eligibility may depend on the nature of the product or service purchased and any specific terms presented at the time of purchase.

3. Non-Refundable Purchases

Refunds may not be available for:

- Services that have already been fully delivered.
- Digital products that have been downloaded or accessed substantially.
- Purchases made more than 14 days before the refund request.
- Customized or individually prepared services that have already entered production.
- Accounts suspended or terminated because of a violation of our Terms of Service.
- Promotional, discounted, or explicitly non-refundable purchases where the applicable terms clearly state otherwise.

4. How to Request a Refund

To request a refund, contact us at **support@[company-domain].com** and provide:

- Your name and account information.
- The order or transaction number.
- The date of purchase.
- The reason for your refund request.

We may request additional information to verify the transaction.

5. Refund Processing

Approved refunds will generally be issued to the original payment method.

Once approved, refunds are typically processed within **5–10 business days**. The time required for the funds to appear in your account may vary depending on your bank, card issuer, or payment provider.

6. Partial Refunds

In certain circumstances, we may provide a partial refund where part of a service has already been used or delivered.

The amount of any partial refund will be determined based on the unused portion of the service and the circumstances of the request.

7. Duplicate or Incorrect Charges

If you believe you have been charged more than once for the same transaction or charged an incorrect amount, contact us promptly. Verified billing errors will be corrected or refunded as appropriate.

8. Changes to This Policy

We may update this Refund Policy from time to time. Changes will become effective when the revised policy is published or otherwise communicated to customers.
